

SR-7687010

Plc Memory Hydraulic Leather Belt Embossing Machine

CHARACTERISTICS:

The machine is suit for leather belt embossing.
Install safety device, operate safe and reassurance.

Fixed 5 oil cylinder, pressure range of 0-120 tons.

The machine install pressure maintaining system, motor will idling running when pressure to the setting value, keep well for motor and pump.

Electric system adopt the control of PLC with operating system with touch screen and graphical, to make the circuit more accurate. Parameter can be memorized.

Fixed automatic fault diagnosis system.

Technical Parameters:

Model	SR-7687010
Dimensions(L*W*H)	1700×1300×1700mm
Packing size(L*W*H)	1800×1400×1800mm
Weight	1500KG
Power	2.2KW
Pressure	120T
Working table size	1500×110(mm)
Voltage	380V 50HZ / 220V 60HZ
Hydraulic oil	46#anit-abrade oil
