

SR-169D 架空冷柜 Overhead Type Chiller

架空吊篮式冷冻定型机，专为节省厂房平面空间，充分利用厂房立体空间设计，操作简便，产量高，箱内温度可达-10℃，可依据车间及流水线长度量身定做。

This machine is specially designed to save space for the workshop and make full use of the space, easy operation process. Refrigerating temperature is low to -10°C. It can be made according to the plan of workshop or conveyor.

Parameters

型号	Model No.	SR-169D
产量	Output	2000 pairs/8hr
净重	N.Weight	2000kg
功率	Power(W)	8KW
规格尺寸	Dimension(L*W*H)	6500*1200*1400mm
