

SR-7687024

Hydraulic Punching Machine(Single Head)
单头钉寸冲孔机

SR-7687025

Hydraulic Punching Machine(Double Head)
双头钉寸冲孔机

Features/特点

适用于男女皮带尾款打孔及手袋肩带之打孔，油压装置，其操作容易，具有安全装置，孔位可换模具。

It is suitable for the punching of the men and women's belts, the punching of the shoulder straps of the handbags. This machine is with oil pressure device. It is easy to operate, has a safety device, and the hole position can be changed.

Features/特点:

本机油压控制，能将男女皮带裁切头端、尾端、长度订寸可调，尾孔一次完成，可依需要任意调节孔位和尾端的距离，具有安全装置，操作容易，可提供品质及产量。

The oil pressure control of this machine can adjust the belt front part, tail, and length of the men and women's belts. The tail hole can be completed at one time. The distance between the hole position and the tail can be adjusted as required. It has a safety device

Technical Parameters:

MODEL NO.	SR-7687024	SR-7687025
Power	3HP	3HP
Voltage	380V	380V
Pressure	3T	5T
Packaging Size	114x80x133cm	80-1300mm
Size	80mm	80mm
N.W.	150KG	350KG
G.W	190KG	390KG
