

SR-7687031

Automatic rotating infrared oven

**Features/特点**

The drying time 3-8 minutes.

The use of infrared is not dry on the surface but from internal dry start.

Each oven is equipped with a temperature sensor and a temperature controller, the temperature required for each of the oven. Leather is soft and dry Do not use strong winds in the oven, the oven does not produce dust, make the surface pollution. Do not use wet fan time relay, and the use of frequency converter can adjust the fan speed, reduce heat loss. The temperature rise time is short, do not use the machine, also can turn off the oven power supply.

Technical Parameters:

Model	SR-7687031
Voltage	380V
Power	3000W
Size	1880*1500*2000mm
N.W.	420KG
G.W.	460KG
