

SR-001T FABRIC INSPECTION MACHINE

TECHNICAL PARAMETER

Model No.	SR-001T
Voltage	220V
Power	1.1kw
Rolling Speed	0-80m/min

USAGE

For foam, plastic, paper, EVA, cloth, etc. inspection, sizing, coiling and packaging. Especially suitable for knitted cloth, sheared cloth, terry cloth, etc.

FEATURES

EPC automatic edge-aligner is adopted, the edges are neat when rewinding, and the work efficiency is improved; the machine has beautiful appearance and convenient operation.

SR-801CT COMPUTERIZED TAPE CUTTING MACHINE

TECHNICAL PARAMETER

Model No.	SR-801CT
Voltage	220V 50/60Hz
Power	0.8KW
Cutting Width	1-95mm
Feature	Cut the ribbon
Function	Hot & Cold Cutting
Dimension	530x400x390mm
Weight	23KGS
